## Important Notes:

\*\*On the note in the catalog, referring to the *Retaining of Two Successful Flushes on all Females*. Kris Black retains the right to “*partner*” on two Successful flushes. The new owner will share equally in the two flushes that Kris retains.

\*\**Kris Black retains 1/3 Semen Interest on all Cream of the Crop Bulls sold*. The question of the management of revenue sharing interests always arise. We are retaining at least one third semen interest on all the bulls selling. Simply, this means we have the right to 1/3 share of the semen sale revenue from the bull, if in the future semen sales become a possibility. If you choose to collect semen from that bull as an "insurance policy" or for your own use, that semen is 100% yours and you are responsible for the collection cost. Likewise, we retain the right to collect the bull for in herd use only, at collection cost only, but at the convenience of the new owner. If, at any time, it appears that the bull may have wholesale or widely distributed semen marketability, a joint semen account will be established. If you sell the bull to another party, we will still be listed as a partial owner on the bulls certificate. You will owe nothing to us from the sale of your bull, you will simply be selling full possession and your percent ownership in the semen interest. You, as the new owner, have complete control.

**TRUCKING** - Please let us know if you need transportation assistance as soon as possible. Please give as complete hauling information when you register at the clerks desk. Also notify us if you can haul to southern Texas or in the eastern or western states. Derrick will be available at the clerks table and will help arrange trucking or you can contact him at 706-

**\*\* All Kris Black cattle have been tested negative for PI BVD**

## Catalog Corrections

**SPECIAL LOT A** - Age of donor is 1996 and not 1995. Her dam is an Angus, not Charolais. She is a Charolais x Angus female.

**LOT 27** - Registers as a 7/8 female, not 3/4.

**LOT 46** - This heifer is a direct daughter of OCC Legend, she is not sired by a son of Legend.

**LOT 59** - This heifer is a registered PB Simmental, she is not a half blood.

**LOT 517** - A son, sells as Lot 573.

**LOTS 580, 581, and 582** - These bulls are **Registered 1/2 Maine**, not 1/4.

They are from a PB Maine dam. Their progeny on non registered cows will be registerable 1/4.

*Thank you for your interest!*
